Members of the City Council
City of Rockland
Rockland, ME 04841

Compliance

We have audited the City of Rockland, Maine's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2011. The City of Rockland, Maine's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City of Rockland, Maine's management. Our responsibility is to express an opinion on the City of Rockland, Maine's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Audits Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Rockland, Maine's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City of Rockland, Maine's compliance with those requirements.

In our opinion, the City of Rockland, Maine complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Rockland, Maine's financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements, are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the financial statements. The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or proved any assurance on them.

Respectfully Submitted,

James W. Wadman, CPA

James W. Wadman, C.P.A.

CITY OF ROCKLAND, MAINE
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2011

Management of the City of Rockland, Maine provides this *Management's Discussion and Analysis* of the City's financial performance for readers of the City's financial statements. This narrative overview and analysis of the financial activities of the City is for the fiscal year ended June 30, 2011. We encourage readers to consider this information in conjunction with the financial statements and accompanying notes that follow.

The financial statements herein include all of the activities of the City of Rockland, Maine (the City) using the integrated approach as prescribed by Government Accounting Standards Board (GASB) Statement No. 34.

FINANCIAL HIGHLIGHTS – PRIMARY GOVERNMENT

Government-wide Highlights:

Net Assets – The assets of the City exceeded its liabilities at fiscal year ending June 30, 2011 by \$22,720,076 (presented as “net assets”). Of this amount, \$4,603,921 was reported as “unrestricted net assets”. Unrestricted net assets represent the amount available to be used to meet the City's ongoing obligations to citizens and creditors.

Changes in Net Assets – The City's total net assets increased by \$1,022,792 (a 4.7% increase) for the fiscal year ended June 30, 2011. Net assets of governmental activities increased by \$249,544 (a 1.8% increase), while net assets of business-type activities showed an increase of \$773,248 (a 10.4% increase).

Fund Highlights:

Governmental Funds – Fund Balances – As of the close of the fiscal year ended June 30, 2011, the City's governmental funds reported a combined ending fund balance of \$6,255,169 with \$1,165,425 being general unassigned fund balance. This unassigned fund balance represents approximately 6.7% of the total general fund expenditures for the year.

Long-term Debt:

The City's total long-term debt obligations decreased by \$1,065,510 (9.7%) during the current fiscal year. Governmental debt obligations decreased by \$624,030 and proprietary debt obligations decreased by \$441,480. New bond anticipation proceeds were recognized in the amount of \$44,659 for the public works sewer project and a new lease was issued for \$352,080 for capital improvement projects. Existing debt obligations were retired according to schedule.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements include three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains additional required supplementary information (budgetary comparison) and other supplementary information. These components are described below:

Government-wide Financial Statements

The Government-wide financial statements present the financial picture of the City from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities and business-type activities separately. These statements include all assets of the City (including infrastructure) as well as all liabilities (including long-term debt). Additionally, certain elimination entries have occurred as prescribed by the statement in regards to inter-fund activity, payables and receivables.

The government-wide financial statements can be found on pages 9-10 of this report.

Fund Financial Statements

The fund financial statements include statements for each of the three categories of activities – governmental, business-type and fiduciary. The governmental activities are prepared using the current financial resources measurement focus and the modified accrual basis of accounting. The business-type activities are prepared using the economic resources measurement focus and the accrual basis of accounting. Fiduciary funds are used to account for resources held for the benefit of parties outside the City government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of these funds are not available to support the City’s own programs. Reconciliation of the fund financial statements to the Government-wide financial statements is provided to explain the differences created by the integrated approach.

The basic governmental fund financial statements can be found on pages 11-14 of this report.

The basic proprietary fund financial statements can be found on pages 15-17 of this report.

The basic fiduciary fund financial statements can be found on pages 18-19 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and the fund financial statements.

The notes to the financial statements can be found on pages 20-38 of this report.

Required Supplementary Information

This section includes a budgetary comparison schedule, which includes a reconciliation between the statutory fund balance for budgetary purposes and the fund balance for the general fund as presented in the governmental fund financial statements (if necessary).

Required supplementary information can be found on page 39 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Assets

64.7% of the City’s net assets reflect its investment in capital assets such as land, buildings, equipment and infrastructure (roads, bridges and other immovable assets), less any related debt used to acquire those assets that is still outstanding. The City uses these assets to provide services to citizens; consequently, these assets are not available for future spending. Although, the City’s investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

	Governmental Activities	Business-Type Activities	Total 2011	Total 2010
Current Assets	7,652,362	2,297,837	9,950,199	11,728,506
Capital Assets	14,229,679	13,723,946	27,953,625	27,062,633
Total Assets	21,882,041	16,021,783	37,903,824	38,791,139
Current Liabilities	2,385,719	3,085,755	5,471,474	5,693,272
Other Liabilities	5,001,073	4,711,201	9,712,274	10,627,817
Total Liabilities	7,386,792	7,796,956	15,183,748	16,321,089
Net Assets:				
Invested in Capital Assets	8,182,886	6,527,310	14,710,196	14,091,926
Restricted	2,146,810	1,259,149	3,405,959	1,716,754
Unrestricted	4,165,553	438,368	4,603,921	6,661,370
Total Net Assets	14,495,249	8,224,827	22,720,076	22,470,050
Total Liabilities and Net Assets	21,882,041	16,021,783	37,903,824	38,791,139

Changes in Net Assets

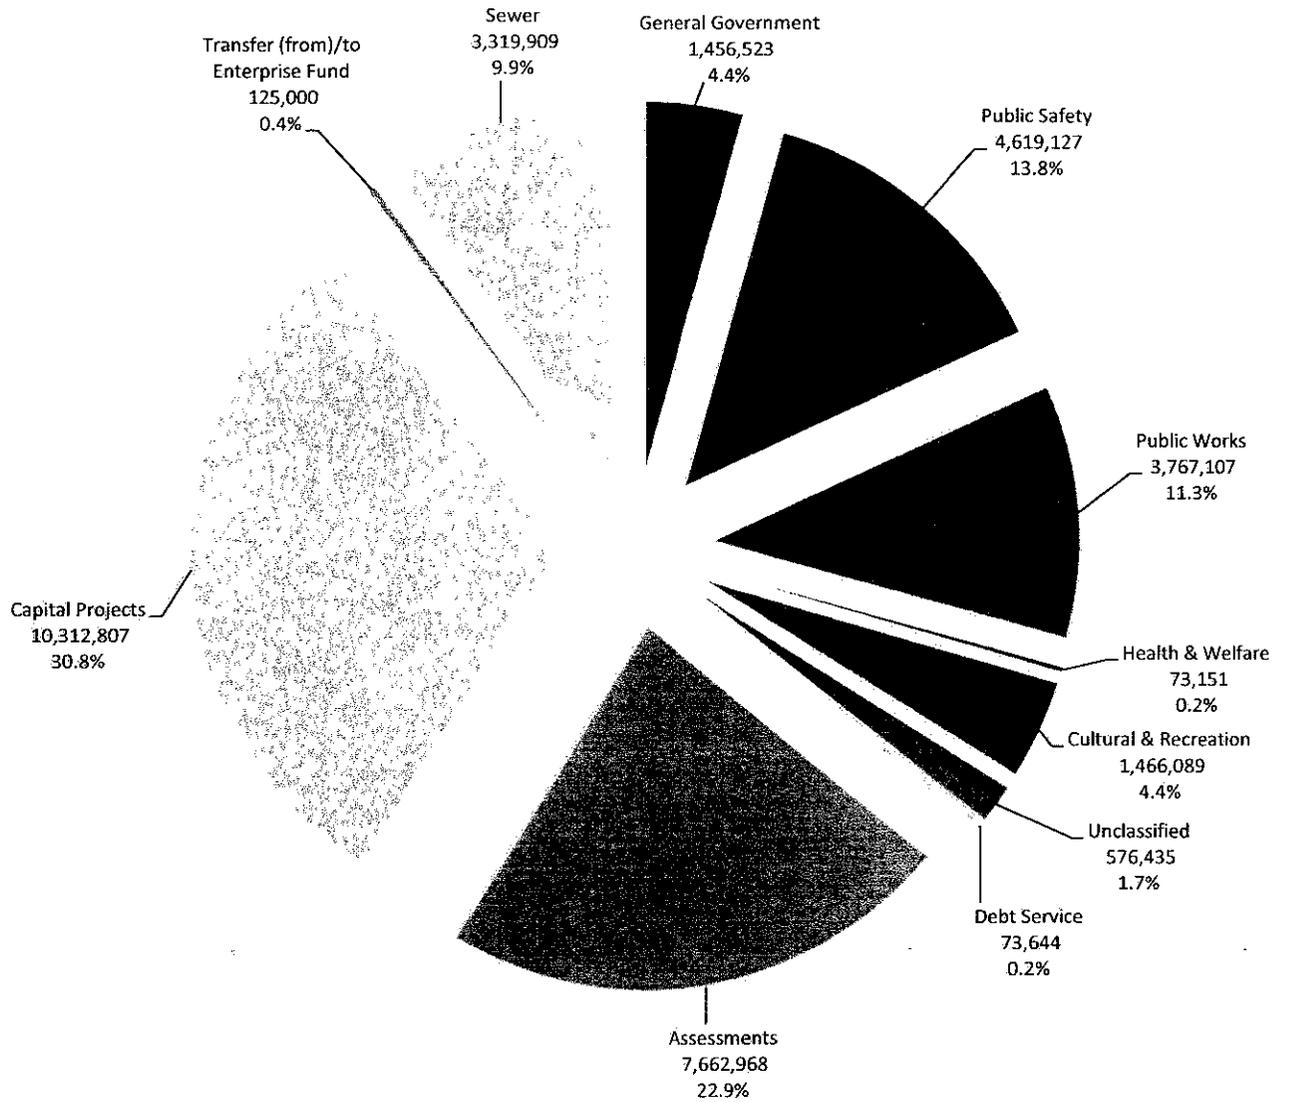

Approximately 43.4 percent of the City's total revenue came from property and excise taxes, approximately 34.0 percent came from State and Federal subsidies and grants, and approximately 22.6 percent came from services, investment earnings and other sources. Depreciation expense on the City's governmental activity assets represents \$1,403,096 of the total expenses for the fiscal year and \$694,402 of the total business-type activity assets.

FINANCIAL ANALYSIS OF THE CITY'S INDIVIDUAL FUNDS

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the City's financing requirements. In particular, undesignated fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the fiscal year, the City's governmental funds reported ending fund balances of \$6,255,169, a decrease of \$16,594 in comparison with the prior year. Approximately 18.4 percent of this total amount constitutes unassigned fund balance. The remainder is reserved to indicate that it is not available for spending because it has been committed to liquidate contracts and commitments of the prior fiscal year or for a variety of other purposes.

Variances between actual General Fund revenues and expenditures and the final amended budget included the following:

- \$(58,073) negative variance in property tax resulting from supplemental taxes of \$12,409 less a deferred property tax adjustment of (\$70,482).
- \$54,930 positive variance in public works revenue due to FEMA funds received.
- \$149,071 positive variance in motor vehicle registration fees due to the first year of recognition. The following year will be adjusted to reflect more accurate numbers.
- \$(130,736) negative variance in finance department due to the motor vehicle registration expenditure being budgeted for the first time. The overage is offset by the variance in the revenue line.
- \$(73,966) negative variance in the fish pier due to repairs necessary from damage done by a customer.
- \$(32,329) negative variance in fringe benefits due to an unbudgeted negotiated benefit.

Proprietary Funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

CAPITAL ASSET ADMINISTRATION

Capital Assets

The City's investment in capital assets for its governmental and business-type activities amounts to \$55,414,221, net of accumulated depreciation of \$27,460,595, leaving a net book value of \$27,953,626. Current year additions include \$16,600 for library gutters, \$35,940 for city hall heating/cooling units, \$5,495 for library copier, \$15,980 for a police Harley Davidson, \$193,459 for public works equipment, \$57,850 for solid waste equipment, \$268,966 for public works infrastructure, \$26,879 for wastewater garage improvements, \$536,185 for governmental construction work in process and \$1,863,760 for wastewater construction work in process for the pcf project.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City's finances for all citizens, taxpayers, investors and creditors. This financial report seeks to demonstrate the City's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional information should be addressed to: City of Rockland, 270 Pleasant Street, Rockland, ME 04841.

The notes to financial statements are an integral part of this statement.

CITY OF ROCKLAND
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2011

Net change in fund balances - total governmental funds (16,594)

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets:

Capital asset purchases capitalized	1,130,476
Gain/(Loss) on Disposal of Assets	(5,625)
Depreciation expense	(1,403,096)
	<u>(278,245)</u>

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds:

Interfund Transfers	
Deferred Revenues - Other	(187,973)
Deferred Taxes	70,481
	<u>(117,492)</u>

Bond proceeds proved current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets:

New capital leases	(352,080)
New bonds	(44,659)
Capital lease obligation principal payments	387,705
General obligation bond principal payments	624,030
	<u>614,996</u>

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:

Accrued compensated absences	46,879
	<u>46,879</u>

Change in net assets of governmental activities 249,544

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Rockland have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

A. Governmental Reporting Entity

The City of Rockland operates under an elected Mayor/Council form of government. The City's major operations include public works, public safety, fire protection, health services, recreation and parks, and general administrative services.

For financial reporting purposes the City includes all organizations, functions and activities in its financial statements for which it exercises oversight responsibility. Oversight responsibility as defined by the Governmental Accounting Standards Board (GASB) includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters.

In addition to entities, which should be included within these financial statements, the City may enter into agreements with other governments for specific purposes. These agreements are referred to as joint ventures or jointly governed entities. The City participates in the following joint venture:

MUNICIPAL REVIEW COMMITTEE, INC. – The City has entered into an interlocal agreement with several municipalities, PERC, and Bangor Hydro for the long-term goal of handling the disposal of their present and projected volumes of nonhazardous municipal solid waste. The Corporation is administered by its board of directors elected from among Municipal Review Committee's membership by the charter municipalities. Operating revenues of the Corporation are allocated among municipalities on the basis of a weighted average of their share of actual tons of acceptable waste delivered to PERC each quarter and tons each municipality has guaranteed to be delivered to PERC. The City's equity interest for year 2010 is \$1,166,100. This figure has not been included as part of the City's financial statements.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e. the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the City. Fiduciary activities, whose resources are not available to finance the City's programs, are excluded from the government-wide statements. The material effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and various intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Functional expenses may also include an element of indirect cost, designed to recover administrative (overhead) costs. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Government-wide and Fund Financial Statements (Continued)

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. Funds are classified into the following categories: governmental, proprietary and fiduciary.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *total economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and trust fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met. Agency funds, reporting only assets and liabilities, have no measurement focus but use the accrual basis of accounting.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized when they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, including interest on long-term debt, as well as expenditure related to compensated absences and claims and judgments are recorded only when payment is due.

Property taxes, sales taxes, interdepartmental charges, and intergovernmental revenues are all considered to be susceptible to accrual. Special assessments are recorded as revenues in the year the assessments become current. Annual installments not yet due are reflected as special assessment receivables and deferred revenues. Other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Federal/State Funds are used to account for federal/state grants received.

The Capital Improvement Reserves are used for capital improvement accounts established by the council.

The City reports the following major proprietary fund:

The wastewater fund accounts for the activities of the wastewater operations. The City operates the wastewater collection system and related administrative costs.

Additionally, the City reports the following fund types:

Permanent funds account for monies held in trust by the City, the investment earnings from which may only be used for the operation of the program.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Net Assets or Fund Equity

1. Deposits and Investments

Governmental Accounting Standards Statement No. 40 requires the disclosure of interest rate risk, credit risk, and custodial risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City invests in short term repurchase obligations and short term investments held by a local banking institution. As a means of limiting its exposure credit risk, the City limits its investments to those authorized by Maine State Statutes, which authorize the City to make deposits/investments in insured commercial banks, insured credit unions, and direct debt securities of the United States Government unless such an investment is expressly prohibited by law. For an investment, custodial risk is the risk that in the event of the failure of the counter party the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

As a means of limiting its exposure to custodial risk, the City requires that, at the time funds are invested, collateral for repurchase agreements be held in the City's name by a custodial agent for the term of the agreement and investments in obligations of the United States or its agencies be held by the Federal Reserve.

2. Receivables and Payables

Transactions between funds that result in outstanding balances are reported as due to/from other funds.

Property taxes receivable not expected to be collected within 60 days from year end are classified as deferred revenue. At June 30, \$983,518 has been so classified and reported on the general fund balance sheet.

Property taxes were levied on August 13, 2010 on property values assessed on April 1. Taxes were due in two installments due on September 24 and March 4, with interest at 7.0% beginning September 25 and March 5. Tax liens are placed on real property within 12 months following the tax commitment date if taxes remain delinquent. The City has the authority to foreclose on property eighteen months after the filing of the liens if the lien amount and associated costs remain unpaid.

3. Inventories

Inventories are valued at cost. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased.

4. Capital Assets

Capital assets, which property, plant, equipment, and infrastructure (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Net Assets or Fund Equity (Continued)

4. Capital Assets (Continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the asset constructed. Property, plant, and equipment are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	20-40
Infrastructure	18-77
Equipment	3-20

5. Compensated Absences

In the fund financial statements, vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Vested or accumulated vacation leave, holiday leave and comp time in the government-wide financial statements is recorded as an expense and liability of the fund as the benefits accrue to employees. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulated right to receive sick pay benefits.

6. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type financial statements. In the fund financial statements, governmental fund types recognize the face amount of debt issued as other financing sources.

Under State Law, no municipality can incur debt, which would cause its total outstanding debt, exclusive of debt incurred for school, storm or sanitary sewer, energy facilities, or municipal airports, to exceed 7.50% of its last full state valuation. A municipality may incur debt for schools not exceeding 10%, storm or sanitary sewers 7.50%, and municipal airports, water districts and special purpose districts 3% of its last full state valuation. In no event can the total debt exceed 15% of its last full valuation. Full state valuation is the valuation of taxable property as certified by the State Tax Assessor, adjusted to 100%.

At June 30, the City of Rockland is in compliance with the above requirements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Fund Balances/Net Assets

Fund Balances

In accordance with Government Accounting Standards Board 54, fund balance reporting and governmental fund type definitions, the City classifies governmental fund balances as follows:

Non-spendable – includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.

Restricted – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.

Committed – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through council approval and does not lapse at year-end.

Assigned – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balances may be assigned by the City Council.

Unassigned – includes positive fund balance within the general fund which has not been classified within the above mentioned categories and negative fund balance in other governmental funds.

The City considers restricted, committed, assigned, and unassigned amounts to be spent in that order when expenditures for which any of those amounts are available.

The City's fund balance policy tries to maintain an unassigned fund balance approximating 7.5% of operating expenditures.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Equity (Continued)

7. Fund Balances/Net Assets (Continued)

Net Assets

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Net assets are required to be classified into three components – invested in capital assets, net of related debt; restricted; and unrestricted. These classifications are defined as follows:

Invested in capital assets, net of related debt – This component of net assets consists of capital assets, net of accumulated depreciation; reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets. If there are significant unspent related debt proceeds at year-end, the portions of the debt attributable to the unspent proceeds is not included in the calculation of invested in capital assets, net of related debt.

Restricted – This component of net assets consists of restrictions placed on net assets use through external constraints imposed by creditors (such as debt covenants), grantors, contributors, or law or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted – This component consists of net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

General government revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the City’s operations. Once adopted by the Council, transfers may be made by resolution from one line item to another. General Fund appropriations, except for capital expenditures, shall lapse at the close of the fiscal year to the extent that it has not been expended or encumbered. State statutes require balanced budgets but provide for the use of beginning fund balance to achieve that end.

At least 45 days prior to the beginning of each fiscal year, the City Manager shall submit to the Council a budget for the ensuing fiscal year. The budget is prepared by fund, municipal department and capital expenditures, and includes information on the past year, current year and requests for the ensuing fiscal year.

After public hearing, the City Council may increase or decrease any program or amount provided that no amendment shall increase the authorized expenditures to an amount greater than the total estimated income. The Council shall adopt the budget on or before the fifteenth day of the twelfth month of the current fiscal year. After adoption, the Council may amend the budget for supplemental appropriations from excess estimated revenues,

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

A. Budgetary Information (Continued)

emergency appropriations, and reduction or transfer of appropriations. Expenditures may not legally exceed budgeted appropriations.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments are carried forward to supplement appropriations of the subsequent year.

The General Fund reserved for encumbrances at June 30 is detailed in Exhibit A-2 and totals \$222,869.

B. Budget/GAAP Reconciliation

The Statement of Revenues, Expenditures -Budget and Actual (Exhibit G) reconciles financial data on a budgetary basis for the government's general fund to the data shown on the Combined Statement of Revenues, Expenditures and Changes in Fund Balance (Exhibit D). The differences are that encumbrances are recorded as the equivalent of expenditures (budget) as opposed to a reservation of fund balance (GAAP).

NOTE 3 - DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS

A. Deposits and Investments

Deposits

Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. The City's deposit policy for custodial credit risk requires compliance with the provisions of state law.

State Statute 5706 require banks to give bond or to pledge government securities (types of which are specifically identified in the Statutes) to the City in the amount of the City's deposits. The Statutes allow pledged securities to be reduced by the amount of Federal Deposit Insurance Corporation (FDIC).

One or more of the financial institutions holding the City's cash accounts are participating in the FDIC Transaction Account Guarantee Program. Under the program, all noninterest bearing checking accounts include demand deposit accounts and any transaction account that has unlimited withdrawals and cannot earn interest are fully guaranteed by the FDIC for the entire amount. Also through December 31, 2011, IOLTA accounts and NOW accounts that do not earn more than .25% interest are fully guaranteed by the FDIC for the entire amount as long as the depository institution participates in the Transaction Account Guarantee (TAG) program. For interest bearing accounts, the City's cash deposits, including certificates of deposits, are insured up to \$250,000 per custodian by the FDIC. Any cash deposits or certificates of deposits in excess of the \$250,000 FDIC limits are covered by collateral held in a Federal Reserve pledge account or by an agent for the City and thus no custodial risk exists.

CITY OF ROCKLAND
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE 3 - DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

A. Deposits and Investments (Continued)

At year-end, the government's carrying amount of deposits was \$2,373,335 and the bank balance was \$2,667,362. The bank balance is categorized according to credit risk as follows:

Category 1 - Insured by Federal depository or credit union insurance.

Category 2 - Collateralized with securities held by the pledging financial institution's trust Department or agent in the City's name.

Category 3 - Uninsured and uncollateralized.

	Bank Balance	Category

	\$	<u>5,269,671</u>	\$	<u>31,703</u>	\$
					Totals
					\$
					2,373,335
					\$
					2,992,419
					\$
					<u>5,365,754</u>

C. Property Taxes

Property taxes were levied for the fiscal year as follows:

Assessed Value	764,790,100
Tax Rate (per \$1,000)	<u>18.20</u>
Commitment	<u>13,919,180</u>
Appropriations	17,731,404
Less:	
State Municipal Revenue Sharing	704,248
Estimated Revenues	2,867,373
BETE Reimbursement	112,020
Homestead Reimbursement	<u>128,583</u>
	<u>3,812,224</u>
Net Assessment for Commitment	<u>13,919,180</u>

Supplemental taxes totaling \$12,409 were committed for collection during the year. Uncollected taxes at June 30 for the current year commitment totaled \$911,220, which represents tax collection of 93.4% of current year commitment. Unpaid liens at June 30 totaled \$275,491.

CITY OF ROCKLAND
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE 3 - DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

D. Interfund Receivables and Payables

Individual fund interfund receivable and payable balances at June 30, 2011, were as follows:

	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
General Fund	2,164,434	3,823,916
Special Revenue Funds:		
Federal/State Funds	149,049	234,169
Shore Village Museum		4,485
Police DARE		2,108
RCHP Scholarship		3,425
Elizabeth Tyrell	26,316	
Odor Study	2,819	
Recreation Fund		9,206
Veterans Memorial	533	
Capital Project Funds		
Pump Station/CSO Project	206,002	
Capital Improvement Projects	598,446	176,211
Public Works Sewer Project		38,380
Capital Reserve Funds	809,994	711,347
Permanent Funds		302,969
Fiduciary Funds		11,406
Wastewater Enterprise Fund	<u>2,558,898</u>	<u>1,198,869</u>
Totals	<u>6,516,491</u>	<u>6,516,491</u>

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. On the Governmental Fund financial statements, the payables are classified as Due to Other Funds with offsetting receivables on the Governmental Fund financial statements classified as Due from Other Funds. The majority of the above balances represent amounts owed in relation to continuing and future projects. The balances will be repaid upon need of those funds for those projects.

NOTE 3 - DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

G. Long-Term Debt (Continued)

2. Changes in Long-Term Liabilities

The following is a summary of long-term debt transactions of the City of Rockland for the fiscal year ended June 30, 2011:

	<i>General Obligation Debt</i>	<i>Proprietary Debt</i>	<i>Total</i>
Long-term Debt payable July 1, 2010	5,308,044	5,678,918	10,986,962
Debt Issued	-	-	-
Debt Retired	(579,371)	(441,480)	(1,020,851)
Long-term Debt payable June 30, 2011	<u>4,728,673</u>	<u>5,237,438</u>	<u>9,966,111</u>

3. Overlapping Debt

The City's proportionate share of debt of all local government units which provide services within the City's boundaries, and which must be borne by properties in the City is summarized as follows:

<i>Units</i>	<i>Net debt outstanding June 30, 2011</i>	<i>Percentage applicable to the Town</i>	<i>Town's proportionate share of debt</i>
Regional School Unit #13	5,162,953	33.43%	1,725,975
Knox County	-	10.92%	-
Totals	<u>5,162,953</u>		<u>1,725,975</u>

The City's proportionate share of the County and School District debt is paid through annual assessments by the respective units.

4. Bond Anticipation Note

The City approved a general obligation bond in the amount of \$2,250,000 on January 20, 2009 and a resolve was passed by the council on January 26, 2009 for the water pollution control facility. This is a temporary bond anticipation note and as of June 30, 2011 the wastewater fund has drawn down a balance of \$1,959,311. The outstanding balance is due 8/29/11.

5. Debt Authorized, Unissued

The voters of the City of Rockland approved a municipal bond in the amount of \$2,834,478 on 11/4/09 for sewer, storm water and other capital improvements. As of 6/30/11 this remains authorized but unissued.

CITY OF ROCKLAND
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE 3 - DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

H. Permanent Funds

The principal amount of all Non-expendable Trust Funds is restricted either by law or by terms of individual bequests in that only income earned may be expended. The government's Non-expendable and Expendable Trust Funds at June 30 are detailed as follows:

<i>Non-expendable</i>	<i>Principal</i>	<i>Income</i>
Cemetery Care	-	54,934
Haines Charity	57,581	207,264
Keywood Library	91,230	(4,983)
Leach Library	50,000	16,630
Cleveland/Bostick Library	10,000	930
Flower	1,000	5,702
Monroe Highway	200	5,245
Library	<u>6,600</u>	<u>957</u>
Total	<u>216,611</u>	<u>286,679</u>

NOTE 4 - OTHER INFORMATION

A. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor, cannot be determined at this time, although the government expects such amount, if any to be immaterial.

The government is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of management that resolution of these matters will not have a material adverse effect on the financial condition of the government.

B. Pension Plan

Plan Description

The City's employees are covered under the ICMA or Maine Public Employees Retirement System. The ICMA is a qualified pension plan created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

The plan is administered by an independent company, and the City remits all compensation deferred to this administrator for investment as requested by the participant employees. All compensation deferred and funded

NOTE 4 - OTHER INFORMATION (Continued)

B. Pension Plan (continued)

Plan Description (continued)

under the plan, all investments purchased and all income attributable thereto are held in trust for the exclusive benefit of participants and their beneficiaries. The City participates in the Maine Public Employees Retirement System consolidated Plan for Participating Districts (Consolidated Plan) which is a cost sharing multiple-employer defined benefit pension plans.

The Maine Public Employees Retirement System (System) is a body corporate and politic and an incorporated public instrumentality of the State. Under Title 5 M.R.S.A. the System is the administrator of retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The System issues a financial report that includes the financial statements and required supplementary information for the plans. That report may be obtained by writing to Maine Public Employees Retirement System, Two Central Plaza, Augusta, Maine 04333-0046 or by calling 1-800-451-9800.

Funding Policy

Under the ICMA plan, covered employees contribute 5% of their salary to the plan with the City contributing 5%. The City's contributions for the fiscal years ended June 30, 2009, 2010 and 2011, were \$71,626, \$63,214 and \$60,229 respectively, which were paid in full each year.

MPERS Consolidated Plan regular employees and police employees hired after 7/1/1997 are required to contribute 6.5% of their annual covered salary to the plan, with remaining fire and police employees contributing 8%. The City is required to contribute an actuarially determined rate. The current rate is 3.5% for regular employees, 6.6% for fire and police employees, and 6.6% for police employees hired after 7/1/1997, plus a monthly payment of \$104 for regular employees and \$327 for police and fire employees for its Initial Unfunded Unpooled Actuarial Liability (IUUAL). The contribution requirements of plan members and the City are established by the Maine Public Employees Retirement System Board of Trustees. The City's contributions to the Consolidated Plan for the years ended June 30, 2009, 2010 and 2011, were \$143,641, \$140,770 and \$184,124 respectively, which were paid in full each year.

CITY OF ROCKLAND
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE 4 - OTHER INFORMATION (Continued)

C. Postemployment Healthcare Benefits

The City sponsors a post-retirement benefit plan providing health insurance to retired employees who have 25 or more years of full-time service with the City and retire after July 1, 1997. Employees hired after July 1, 1997 are not eligible for this benefit. The City pays 25% of the retired employee's annualized health insurance premiums for the year, including health insurance for dependents for as long as the eligible employee is living. The City's cost for 2011 was \$22,936.

The City participates in the Maine Municipal Employees Health Trust for purposes of employee health benefits. Premiums paid for active employees contain an imputed subsidy for the benefit of retired employees. In accordance with Governmental Accounting Standards Board (GASB) Statement number 45, the City is required to disclose the Actuarial accrued liability and Annual Required Contribution (ARC) for the fiscal year ended June 30, 2011. These amounts are actuarially determined in accordance with the parameters of GASB Statement number 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The ARC is recorded as an expense on the government-wide financial statements and is \$60,196 as of June 30, 2011. The Actuarial accrued liability at June 30, 2011 is as follows:

Active Employees	\$327,465
Retirees and Spouses	<u>\$460,221</u>
Total	<u>\$787,686</u>

***REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS***

April 2, 2012

Members of the City Council
City of Rockland
Rockland, ME 04841

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the City of Rockland, Maine as of and for the year ended June 30, 2011, which collectively comprise the City of Rockland, Maine's basic financial statements and have issued our report thereon dated April 2, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the City of Rockland, Maine's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies, or material weaknesses, and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, detected, and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs to be material weaknesses, 2011-1 thru 2011-6.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. There were no significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Rockland, Maine's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements; noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of Rockland's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the City of Rockland, Maine's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, City Council, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully Submitted,

James W. Wadman, C.P.A.

James W. Wadman, C.P.A.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

April 2, 2012

Members of the City Council
City of Rockland
Rockland, ME 04841

Compliance

We have audited the City of Rockland, Maine's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2011. The City of Rockland, Maine's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City of Rockland, Maine's management. Our responsibility is to express an opinion on the City of Rockland, Maine's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Audits Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Rockland, Maine's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City of Rockland, Maine's compliance with those requirements.

In our opinion, the City of Rockland, Maine complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control Over Compliance

Management of the City of Rockland, Maine is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City of Rockland, Maine's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that a material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis.

Our consideration of the internal control over compliance was for limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as designed above.

The City of Rockland, Maine's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the City's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of the management, City Council, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully Submitted,

James W. Wadman, CPA

SCHEDULE I
CITY OF ROCKLAND
Summary Schedule of Prior Audit Findings
For the Year Ended June 30, 2011

*Auditor's
Reference
Number*

NONE

SCHEDULE II
CITY OF ROCKLAND, MAINE
Schedule of Findings and Questioned Costs
For the Year Ended June 30, 2011

A. SUMMARY OF AUDITOR'S RESULTS

1. The auditor's report expresses an unqualified opinion on the general purpose financial statements of the City of Rockland.
2. Reportable conditions relating to the audit of the financial statements are reported in the *Report on Compliance and on Internal Control Over Financial Reporting Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards*.
3. No instances of noncompliance material to the financial statements of the City of Rockland were disclosed during the audit.
4. No reportable conditions relating to the audit of the major federal award programs are reported in the *Report on Compliance with Requirements Applicable to Each Major Program and Internal Control Over Compliance in Accordance with OMB Circular A-133*.
5. The auditor's report on compliance for the major federal award programs for the City of Rockland expresses an unqualified opinion on all major federal programs.
6. Audit findings that are required to be reported in accordance with Section 510(a) of OMB Circular A-133 are reported in Part C of this schedule.
7. The programs tested as major programs include:

ARRA Energy Efficiency and Conservation Block Grant, CFDA #81.128.
8. The threshold for distinguishing Types A and B programs was \$323,706.
9. The City of Rockland was not determined to be a low-risk auditee.

B. FINDINGS – FINANCIAL STATEMENT AUDIT

2011-01 RECONCILIATION OF ACCOUNTS PAYABLE AND ACCOUNTS RECEIVABLE

Criteria: Accounts Payable and Accounts Receivable need to be reconciled on a monthly basis to ensure accurate financial records.

Condition: Accounts payable and accounts receivable were reviewed for the year and accounts were summarized, however, at audit time, they were not finalized.

Effect: Failure to finalize monthly reconciliations allows errors and adjustments to go uncorrected, and inaccurate and incomplete financial records. Additional time was spent looking up and making the entries necessary to balance the accounts with supporting subsidiary ledgers.

Recommendation: We recommend that the City's accounts payable and accounts receivable be reconciled on a monthly basis and all adjustments necessary be made timely. We recommend that management monitor this situation to ensure that reconciliations are finalized in a timely manner.

Management's Response: The accounts payable reconciliation was complete before year end but the necessary journal entries were not done. The accounts payable reconciliation is now being done on a monthly basis and in the hands of the finance director by the 15th of each month. The finance director will make any necessary adjustments on a monthly basis. The accounts receivable reconciliation was complete after year end. The finance director continues to work with employee in training on the reconciliation process. The goal is to have it reconciled by year end and continue on a monthly schedule like the accounts payable reconciliation.

2011-02 RECONCILIATION OF CAPITAL IMPROVEMENT PROJECTS

Criteria: The City has a separate fund to account for capital improvement projects. There are several different funding sources for these projects, which should be reflected in the capital improvement fund. Expenditures should be posted in only one fund.

Condition: Expenditures for the capital projects were posted in several funds. There were several transfers from reserves not recorded in the capital improvement fund. Accounts receivable from the grant was not recorded.

Effect: Inaccurate and incomplete financial records and additional time required to determine the total funding and costs for each project.

Recommendation: We recommend that the City post all funding sources and expenditures in the capital improvement fund and that projects be tracked monthly to monitor balances timely.

Management's Response: The finance department will post all activity in one fund once the approval from council has been obtained.

2011-03 WASTEWATER PROJECT ACTIVITY NOT POSTED TO THE GENERAL LEDGER

Criteria: All revenues and expenditures should go through the City's normal cash receipts and disbursements processes to ensure timely and accurate reporting.

Condition: The City's new public works project and the ongoing pcf project were not recorded through the cash receipts or warrants process. General ledger entries were made after year end to record some of the activity for the pcf project, however, not all the activity was included and only some of the activity for the public works project was included.

Effect: Inaccurate and incomplete financial records and additional time required to determine the revenues and expenditures appropriate for each project.

Recommendation: We recommend that the City post all funding sources and expenditures for each project through the cash receipt and disbursement procedures currently established.

Management's Response: The city will pay all invoices from the normal disbursement process and reimburse itself through the alternative funding source which will record the cash receipt in the accounting software.

2011-04 QUALITY COMMUNITY GRANT

Criteria: All expenditures should have an approved revenue source before paying invoices.

Condition: The City paid their portion of the Quality Community Grant in the amount of \$32,000 without approval from the Council. The Council never approved the match for the grant or where it was to be funded from.

Effect: The grant was overdrawn for the amount of the City match.

Recommendation: We recommend that the City approve all City matching portions of grants before expenditures are made.

Management's Response: The finance department and community development department are working more closely together to prevent this from reoccurring. The community development office will seek council approval at the same time grant approval is awarded.

2011-05 EMERGENCY MEDICAL ACCOUNTS RECEIVABLE

Criteria: Emergency medical accounts receivable should be reconciled to the subsidiary ledgers monthly.

Condition: The City changed billing providers during the beginning of the fiscal year audited. A report for August through December and then monthly reports thereafter were sent to the city. Receipts posted by the City were checked with receipts posted by the billing company and some notes were made for outstanding items, however, a finalized reconciliation for accounts receivable and receipts was not available at the time of the audit. Some previous accounts receivable were added by the new billing company, but not all of them. A complete list of duplicate entries were not available at the time of the audit.

Effect: Inaccurate and incomplete financial records and overstated accounts receivable and revenue. A variance between the general ledger accounts receivable and the aged trial balance resulted.

Recommendation: We recommend that the City request monthly statements to include any duplicate billing additions and payments. We also recommend that a reconciliation of receipts posted by the city to those of the billing company be done monthly and that any variances be followed up timely to prevent future problems with unidentified receipts.

Management's Response: The finance department will request more reports from the billing company to be able to recognize any duplicate billings or other issues that may arise. Variances in receipts will be followed up on a monthly basis instead of waiting to see if the billing company posts the receipt in future reports.

2011-06 FINANCIAL STATEMENT PREPARATION

Criteria: Based on recently implemented auditing standards, inadequate design of internal control over the preparation of the financial statements being audited is deemed to be a material weakness in the internal control structure.

Condition: Due to financial and time constraints to effectively prepare and evaluate the audited financial statements and detect material misstatements in those financial statements, the board and management approved the auditors to prepare the financial statements.

Effect: The auditor prepared financial statements are deemed to be a material weakness.

Recommendation: The board and management understand and take responsibility for the financial statements.

Management's Response: Management concurs with the finding.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2011***

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Expenditures of Federal Awards is prepared on the modified accrual basis of accounting whereby transactions are presented in the same way as they are included in the financial statements of the City of Rockland, Maine in accordance with generally accepted accounting principles.

NOTE B – PASS-THROUGH AWARDS

The City of Rockland, Maine receives certain federal awards in the form of pass-through awards from the State of Maine. Such amounts received as pass-through awards are specifically identified on the Schedule.

NOTE D – MAJOR PROGRAMS

In accordance with OMB Circular A-133, major programs are determined using a risk-based approach. Programs in the accompanying Schedule denoted with an asterisk (*) are determined by the independent auditor to be major programs.
