

**ENERGY ADVISORY COMMITTEE**  
**Rockland Public Library @ 4:45 PM - November 18, 2014**

Attendance: Larry Pritchett, Norma Athearn, and Bill Pearce.

The minutes of September 30, 2014, were reviewed and approved by the Committee.

Larry revealed a budget for the library lighting test. The Committee has approved turning this proposal over to the acting city manager.

Larry showed us pictures of the library building envelope issues. Moisture has been pushing the interior wall away from the stone facade whenever the moisture freezes.

The parapet also would take extensive re-engineering, as the current construction method will continue to cause damage to the building. Casco Bay Engineering has proposed fees of about \$29,000.00 for the engineering work. The Committee has approved turning this proposal over to the acting city manager.

Next Energy Advisory Committee is December 16, 2014, at 4:45 PM.
