

**Meeting Minutes**  
**Rockland Energy Advisory Committee**  
**October 25, 2011, 4:30 P.M. at City Hall Board Room**

Attendance: Bill Pearce, Norma Athearn, Carol Maines, Terry Pinto, and Larry Pritchett.

Two bids have been received for the library project. Larry does not know when the bids will be awarded.

Larry has sent out the heating report concerning the Camden Opera House. This is in two PDF files. These should be reviewed before our next meeting.

The installation of the LED lights next to the treatment plant are in process. Two lights will need to be installed after the guard rail has been modified.

The Watershed street light study still needs to be reviewed by the Committee. Camden's lights are nice.

The last meeting minutes were approved and may be distributed.

Larry will talk to the Farnsworth Museum about having a meeting concerning art galleries and energy usage.

Terry thinks the City should start discussing electric needs with Central Maine Power.

Larry has questions about the amount of energy use in the Industrial Park.

November 22, 2011, is the next meeting at 4:30 PM.
