

Rockland Energy Advisory Committee
February 25, 2014

Attendance: Larry Pritchett, Norma Atheran, and Bill Pearce.

The minutes of January 28, 2014, were reviewed and approved by the Committee.

Larry updated the Committee about the legislation concerning municipalities taking ownership of the street lights on the shared utility poles. March 20, 2014, is the next meeting of the PUC.

Streetscapes on the side streets will be improved if the city can get a downtown revitalization grant which must be applied for in March. The street lights on Main Street would be the match. A meeting will be on February 27, 2014, at 5:30 PM at City Hall.

Larry will be meeting with Amy and Tom about maintenance and improvements needed for the library. The radiant floor in the new section of the library does not appear to be functioning properly. There is also a small leak on a fuel supply tank. There is a \$10,000.00 proposal to address some of these issues.

Next Energy Advisory Committee is March 25, 2014, at 4:45 PM.
