

Library Engineering Presentation

Tuesday, February 2, 2016 at 5:30 P.M.

Presentation of findings from the Engineering Study of the Rockland Public Library by Al Hodson and Eric Dube of Resurgence Engineering and Casco Bay Engineering, respectively.

Dube and Hodson will offer a PowerPoint presentation highlighting the issues described in their report, as well as projected costs and prioritization of remediation recommendations.

There will be time for the engineers to answer questions and address concerns.

Rockland City Hall, Council Chambers
