

Parks Commission Meeting Minutes

August 15, 2011, 5:30 PM

Attendance: Bill Pearce, Susan Beebe, Carol Maines & Marilyn Lustgarten. Guests: Audrey Lovering

The sewer improvement project will cause the island at the corner of Union Street and Limerock to be removed. The bulbs need to be removed so they can be replaced when the construction is completed.

Audrey gave us an update on the trees donated by Project Canopy by a nursery going out of business. The amount of trees has gone from 85 to 42. We hope to be able to pick them up on September 29th.

The ash tree at Good Tern Food Store is dying and will need to be replaced. Carol has indicated her name has been given to the store as a contact person.

The trees purchased in Waldoboro still need to be picked up.

Next meetings will be September 22 and October 6, 2011, at 5:30 PM.
