

Parks Commission Meeting Minutes

October 13, 2011, 4:30 PM @ Harbormaster's office

Attendance: Bill Pearce, Carol Maines, Terry Pinto, and Marilyn Lustgarten. Guests: Audrey Lovering, Kevin Beal, Hal Perry, Louise MacLellan-Ruf, and Ed Glaser

Discussion concerning trees for Harbor Park. A shade tree by the launching ramp would be possible. Three trees on the south border (near red house).

During the hiking portion of the meeting, we determined there was not room for three trees on the south border. Because of previously-established trees and electrical box outlets, only one tree should be located in that area. It might be possible to also locate one tree in a line of trees near the red house without affecting and view obstruction.

The hiking part of the meeting also reviewed the shade tree by the launching ramp feasibility. Trimming of existing vegetation might also improve area.

Four trees could be located near the lobster cooker.

Next meeting will be October 27, 2011, at 5:30 PM.
