

Parks Commission Meeting Minutes

October 27, 2011, 5:30 PM @ City Hall Board Room

Attendance: Bill Pearce, Susan Beebe, Carol Maines, Terry Pinto & Marilyn Lustgarten.
Guests: Kevin Beal

Carol looked at the two Copper Beech trees planted at the library by public works. They were planted too deep. Richard Schneller assisted Carol at the library with the planting correction.

Carol also talked to Angela of the Lincoln Center about their tree needs. They were told they should locate a back hoe and needed to request Dig Safe. The Lincoln Center has a site plan that needs to be followed.

Terry will mark the Custom House Parking lot to place three trees.

Marilyn will adopt the park across the street from the Navigator. Terry will try to get a copy of the site plan of this area.

Rising Tide site plan is coming up for review on Tuesday, November 1. Terry will try to talk to John about thinning out the number of trees at that location.

Terry still desires a listing of the trees we recently received through Project Canopy.

Terry will also try to write a tree ordinance for Rockland for our committee approval.

Minutes of the October 13 meeting were approved with minor corrections.

A list of proposed tree planting sites was compiled for future consideration.

No meeting date or time were determined.
