RESOLVE #10

IN CITY COUNCIL

February 8, 2016

RESOLVE Committee/Volunteer Appreciation Day

WHEREAS, to encourage an environment in which volunteers can flourish, the City Council of the City of Rockland has adopted the position of promoting community involvement and encouraging volunteerism on the many Boards, Commission and Committee in the City; and

WHEREAS, our City government could not function without volunteers who serve on those various Boards, Commissions, and Committees; and

WHEREAS, everyday, volunteers help shape the policies that keep our City moving forward in the right direction and their impact can be felt throughout the community; and

WHEREAS, volunteers are motivated by the simple satisfaction of helping their fellow citizens and making their community a better place to live;

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL AS FOLLOWS:

THAT the many volunteers who man the City's Boards, Commissions and Committees, as well as those who give their time to various City departments, are hereby recognized and commended for their willing to serve their community; and

THAT Monday, February 29, 2016 is hereby designed as "Committee/Volunteer Appreciation Day" in the City of Rockland to honor the hard work and selfless dedication of the hundreds of volunteers who make the City of Rockland a better place to live and work.

CITY OF ROCKLAND, MAINE

RESOLVE #11

IN CITY COUNCIL

February 8, 2016

Resolve: Supporting Market Based Approach to Expanding Opportunities For Municipal, Small Business and Community Solar Projects In Maine

BE IT HEREBY RESOLVED BY THE CITY COUNCIL AS FOLLOWS:

Whereas, Maine has the lowest amount of installed solar electrical power generation capacity of any state in New England; and

Whereas, the price of solar photovoltaic panels declined 55% between 2002 and 2013 making solar a financially competitive option for many businesses, municipalities and homes; and

Whereas, solar generation capacity peaks on long summer days when demand on the electrical transmission grid is the highest which makes solar generation located near where the power is used a cost effective option both to minimize stress on the transmission grid and to minimize the cost to all ratepayers of major grid expansion projects; and

Whereas, Maine's current regulations governing distributed sources of electrical power generation like solar create significant barriers for municipalities and businesses to develop cost effective solar projects to offset a municipality's or a business's power consumption; and

Whereas, community solar projects being developed in other states to provide renewable energy to multiple residents are constrained in Maine because current rules restrict the number of electrical meters that can be offset by a solar project to nine meters in effect limiting community solar projects to very small projects that can typically serve nine homes or less; and

Whereas, there are currently over 1,800 acres of closed and capped municipal landfills in Maine for which there are few, if any, common reuse or redevelopment options; and

Whereas, the U.S. Environmental Protection Agency has determined that developing solar power projects on capped landfills and other brownfield sites represents the best reuse option for many of these sites; and

Whereas, redeveloping just 40% of the capped municipal landfill acreage in Maine with solar arrays would provide municipalities the equivalent of \$30 to \$40 Million in annual revenue; and

Whereas, developing solar on the Rockland's capped Quarry 2 Landfill Site as well as the former North School site could offset \$200,000-\$250,000 per year of the city's energy costs; and

Whereas, last year the Legislature passed Resolve 2015 Chapter 37 directing the Public Utilities Commission to convene a stakeholder process to develop a market based approach to sustainable growth in all sectors of Maine's solar distributed generation market; and

Whereas, the PUC held seven half day stakeholder meetings at which municipalities including Rockland, Falmouth and South Portland, environmental organizations, the Office of the Public Advocate, solar developers, utilities, legislators, as well as other interested parties reviewed options for expanding solar in Maine; and

Whereas, market based concepts and reforms put forward by the Office of the Public Advocate and refined through this stakeholder process are intended to increase the amount of solar capacity that likely would be developed in Maine over the next six years by 250 Megawatts; and

Whereas, the concepts put forward, if adopted in statute and rules, would remove many barriers limiting the development of cost effective municipal, community and commercial solar projects;

NOW, THEREFORE, Be it hereby resolved by City Council as follows:

The City Council supports the types of reforms proposed through the PUC stakeholder process to regulations governing solar distributed generation in Maine and urges the Second Session of the 127th Legislature and the Public Utilities Commission to adopt these changes; and

The City Council designates the City Manager and the Chair of the City's Energy Committee to communicate Council's support to the Legislature's Energy and Utilities Committee, to State Representatives and Senators, to the Public Utilities Commission and to other municipalities.

ORDINANCE AMENDMENT # 1

IN CITY COUNCIL

January 11, 2016

ORDINANCE AMENDMENT: Amending The Personnel Code

THE CITY OF ROCKLAND HEREBY ORDAINS THAT CHAPTER 2, Administration, ARTICLE XII, Personnel, SECTIONS 2-1202, Purpose, and 2-1203, Duties of the Personnel Director or Designee, BE AMENDED AS FOLLOWS:

Sec. 2-1202 Purpose

The purpose of the Department of Personnel is to make job appointments for classified service with the City. Classified service positions shall be all those employee positions of the City currently existing or hereafter created by resolve of the City Council, except for the following which are to be considered unclassified positions:

1. Members of the City Council
2. Members of any Board or Commission appointed by the City Council
3. The City Manager, City Attorney and City Clerk
4. Temporary and emergency employees, including employees hired under Manpower programs
5. Health Officer.

Sec. 2-1203 Duties of the Personnel Director or Designee

The powers and duties of the Director of Personnel, or designee, are as follows:

1. Establish and administer comprehensive classification and compensation plans, enacted by ordinance by the City Council.
2. Create job descriptions with appropriate education, experience and/or other requirements.
3. Set standards for applicants for classified employment positions which may include, but not limited to, requirements for education, experience, oral and written exams, medical or physical tests or licenses.
4. Determine when a classified employee vacancy will be filled and arrange for

appropriate advertising for the position. Appropriate advertising will include, but not be limited to, public notice in a newspaper circulated widely in Rockland and will provide enough information for applicants to provide sufficient application establishing their qualifications for the position.

5. Review application for classified job openings and refer qualified job applicants to the PB for review and recommendation. A qualified job applicant is one who has the basic skills required to perform the duties of the position advertised, which are set forth in the standards in (3) above. The Personnel Director, or designee, may assist the PB by evaluating applications for the top candidates for the PB to review, however, a copy of all applications will be sent to the PB for their potential consideration.
6. Serve as the selecting official for all classified positions. This responsibility includes determining the candidate meets all requirements for the job, such as licenses, etc., and conducting background and reference checks as deemed appropriate. The Personnel Director, or designee, may conduct additional interviews, consult with department heads, or take other actions appropriate to assist in the selection decision. Any candidate certified to the Personnel Director, or designee, by the PB may be selected for the open position, but only candidates certified by the PB may be selected. If PB certified candidates are not deemed acceptable to the Personnel Director, or designee, the position may remain unfilled or may be announced again. Classified positions that serve as assistants or deputies to positions directly appointed or confirmed by the City Council shall also be confirmed by the City Council.
7. Investigate complaints and make appropriate recommendations concerning any actions related to the administration of personnel rules and procedures.
8. Maintain all employee records including, but not limited to, evaluations, overtime, sick and annual leave.
9. Develop an employee training program to be administered by department heads.
10. Develop and administer an employee Health and Safety program.
11. Take such action and perform such functions as may be required by order of the City Council to conduct and maintain an effective and efficient personnel system.
